# CATCH AND RELEASE

- **Producer :** Claude Vialade
- **Designation :** Vin de France
- **Origin :** France

**Grapes :** This white wine is 100% Sauvignon. Before the bottling and following tastings, some supplementary sweetening (at less than 10gm.) is carried out in order to respect the desired commercial profile: a white wine that is dry but balanced; round, smooth and long-lasting on the palate.

**Terroir :** This wine comes from the South West of France, the Bas-Armagnac region at the western edge of the Gers. The soil, consisting here of “fawn sands” and the clayey loams known as boubènes, creates conditions for producing fine wines of great elegance and fragrance.

**Vineyard :** The vines are trained along wires and machine-harvested. Yield is at around 120hl/ha.

**Wine-making :** Harvested by machine, following a strict selection by terroir which takes account of the relative ripeness of each plot.

A few hours of steeping the grapes in the press with protection against oxidation, then pressing, maintenance of cold temperatures for 5-7 days, settling and decanting, low-temperature fermentation with liquid yeasts, and finally, maturing over fine lees in temperature-controlled stainless steel vats.

**Tasting :** A fine, elegant nose based on exotic fruit, citrus and box, with a long lemony finish. The mouth is characterised by lively and refreshing first impressions, followed by a luscious fruitiness and a nice aromatic complexity. The finish is both invigorating and fruity

Serving temperature : 8-10°C.

**Food pairing :** pleasant as an aperitif or with shellfish, but also throughout a meal, with grilled fish, fresh pasta and herbs, or with blue-veined cheese
